

# Mobile Coder 2.0

Mobile Coder app lets you easily configure readers in the 8 CD 2.0 family using your phone, including all their essential settings. This greatly simplifies your deployment of Idesco's 8 CD 2.0 readers.

- Enables easy and convenient configuration for the 8 CD 2.0 family by using your phone
- Provides a convenient alternative to system-driven updating, mediated over OSDPV2

Mobile Coder application allows:

- Changing installation specific reader settings for example Reader address, Reader name, Bluetooth range, Buzzer sound, Keypad backlight and LED colour etc.
- Using the app as a configuration card by using secure configuration file
- Updating the reader firmware
