

Idesco Mobile Coder

Idesco Mobile Coder app lets you easily configure readers in the 8 CD 2.0 and Cardea family using your phone, including all their essential settings. This greatly simplifies your deployment of Idesco's 8 CD 2.0 and Cardea readers.

- Enables easy and convenient configuration for the 8 CD 2.0 and Cardea family by using your phone.
- Provides an alternative to system-driven updating, mediated over OSDPv2. It can be used to configure also readers with Wiegand interface.

Idesco Mobile Coder application allows:

- Changing installation-specific reader settings, for example, reader address, reader name, Bluetooth range, buzzer sound, keypad backlight and LED colour etc.
- Using the app as a configuration card by using secure configuration file.
- Updating the reader firmware.
