Product changes

Configurations and maintenance

Will you need help configuring your product? We will happily re-configure and program devices to your specification. We can also perform product testing for you. This testing service will only charge for products no longer under warranty, or that are proven faultless. Otherwise, testing of warranty products is always free.

- Re-configurations
- Testing
- Maintenance

Configuring a device from stock

180 000 018	Re-configuring or programming a device with default configuration from stock, according to customer specification.

Configuring or programming a device that has been delivered

180 000 019	Re-configuring or programming a device that has been delivered to customer, according to customer specification.
